6. Members are permitted to use an approved, personally owned, cart on the golf course and must pay the then prevailing cart fee or purchase an annual trail fee. Members who have an approved personal cart, must provide annually a certificate of insurance for the cart (specific for off property use of cart)

Cart Rules:

- a. There shall be no more than two people riding in a cart at any time.
- b. Stay outside the blue lines around the greens
- c. Carts should always be on path when approaching greens and tee box areas
- d. Pay attention for signs indicating cart path only (mainly par 3's)

Exceptions:

Members with handicap privileges - Your patronage at Wildwood Golf Course is truly appreciated.

It is course policy to restrict motorized cart traffic to the cart paths when weather or turf conditions warrant. It is also our policy to restrict motorized cart traffic a liberal distance from greens, bunkers, and teeing areas. This policy ensures that we can continue to provide the best possible playing conditions in the long term.

However, we also recognize the needs of the truly disabled golfer who suffers from permanent walking impairments or other conditions that would make it impossible for him or her to enjoy the golf course with some of the restrictions on golf cart use.

Golfers with disabilities will be asked to identify themselves to management. It is legally permissible for management, if there is a reasonable belief that a golfer may not be disabled as defined by the Americans with Disabilities Act (ADA)*, to request proof of a disability, such as a government-issued permanent disabled car placard or other identifying information which may reasonably be accepted as valid.

Management will provide golfers covered by the ADA with a separate cart with an identifying flag. This will allow the disabled golfer to deviate from the cart regulations and reduce their proximity to greens, bunkers, and teeing areas. Please address any questions or concerns to the golf course management.

Please understand that this golf cart traffic is likely to adversely affect turf and soil, as well as playability. Common sense should be used, and the golf cart should never be closer than 20-30 feet from the protected areas of greens, bunkers and teeing areas. We appreciate your cooperation in using care and exercising good judgement.

Please note that if the course is designated for play with a restriction of *Cart Path Only* this applies to all carts, even those with a handicap flag or marking. There are no exceptions to this policy.

Any use of carts off the cart path is at your own risk, and any problems or injuries resulting from such use are the golfer's responsibility. For safety reasons we strongly discourage the use of the golf cart on severe slopes or through tall grass areas. Natural, un-mowed areas may be designated as environmentally sensitive and present a fire hazard; please avoid these areas with the cart.

Consistent with government rulings on the ADA, course management reserves the right to restrict all golf cart traffic in rare instances when excessive heat, moisture stress, new turf, other weather-related or maintenance-related conditions create extreme safety issues or would result in any cart traffic causing excessive turf damage. If at any time it is apparent these conditions might exist, we suggest calling ahead.

Violation of this policy may result in suspension of golf privileges.

We encourage your suggestions and ask for your cooperation in providing accessibility and making Wildwood Golf Course a quality golf experience. If you have any questions, please contact the golf course superintendent at 513.422.7138.

WILDWOOD GOLF – A PRIMER

Following is a list of “friendly reminders” condensed from the club bylaws that we urge you to take seriously. New and existing members should be aware that these rules are meant to provide the most pleasurable and fair golfing experience possible for a large and diverse membership and will be enforced.

1. Season: Our “active season” runs March 1 through October 30. All scores count toward your USGA handicap and must be recorded in our system. Scores from outside courses played during our winter season but their “active” season must be turned in and recorded at Wildwood the following March.
2. Score posting: See Handicap Procedures. Penalty scores apply to violators.
3. Tee time draw: One sign up per MEMBERSHIP per day (Sat. & Sun.) Two or more family members may not sign up for the same day. Cheaters lose sign up privileges, not playing privileges. Same goes for those who don’t use their tee times. Turn those in to the pro shop by 6 p.m. on Wednesday before weekend play begins.
4. All golfers are required to sign in with the pro shop before playing
5. All members and their families must have a current bag tag on each of their bags.
6. Calcutta: Minimum 12 Wildwood scores (2 tournament) from the current year required for eligibility.
7. Soft spikes: Mandatory, no exceptions. Members responsible for guests.
8. Carts: 16 years or older may drive. Powered and hand carts must stay off tees and outside painted lines around greens. May not be used for transportation to large driving range.
9. Practice Green(s): Open to all members. Be aware they’re small so don’t be a hog during peak days/hours. Remember there are 3 now—one next to Pro Shop, one near #9, and one at the driving range.
10. Weekdays: Leagues play Tuesday through Thursday. No reserved tee times for leagues but we try to respect each other’s groups. Open play--please check with Pro Shop. Or join a league!
11. Junior Golf: Friday mornings, June through August. Course closed to general play until juniors are done around noon. Sign up for tee times Friday a.m. to play on Junior Friday afternoons. Juniors eligible for Adult Club Championships ONLY.
12. Group Priorities: Foursomes have priority on the course. That doesn’t mean you shouldn’t allow a faster group, regardless of number of players, to go through. Players

crossing from #9 to #10 have priority over anyone beginning a round, or continuing a round following a prolonged intermission, on #10. Leagues attempting to begin play on both nines do not have priority on #10 tee.

13. Size of groups: Limited to foursomes during the active season. Larger groups permitted after November 1 and through February of the following year but at no time shall exceed six.
14. Proper Attire: Refer to Policy B-105.
15. Pets: NONE permitted on premises during operating hours.
16. Pro Shop/Staff: At your service. Staff at the direction of Board of Directors; policy, tournament format and any other member complaints shall be directed to Course Utilization Trustee or other Board member. Please don't hassle the Pro or his staff.
17. Course closure: Mondays until 4:00 p.m. for course maintenance. Signs shall be posted on inclement weather days, during aerification and pesticide application periods throughout the year. This information will also be updated as needed on the Wildwood website (www.wildwoodgc.com), on the Course Information page.
18. Guests: Guests living within a 50-mile radius limited to 3 times per year, exclusive of invitational events. Weekends after 2:00 p.m. between Memorial Day and Labor Day. Non-resident guests (outside 50 miles) unlimited play. All guests must be accompanied by a member.
19. All guests of members and those playing in outings must have one-day guest tags on their bags.

Thank you in advance for your attention and cooperation.

WILDWOOD GOLF CLUB

HANDICAP PROCEDURES FOR MEMBERS

1. PURPOSE:

The purpose of the USGA Handicap System is to make the game of golf more enjoyable by enabling golfers of differing abilities to compete on an equitable base. Handicap Indexes are based on the potential ability of golfers. Having a handicap that is high enough to win tournaments is not the intent. **A base premise underlies the USGA Handicap System, namely that every player will try to make the best score he/she can at each hole in every round played, regardless of where the round is played, and that he/she will post every acceptable round for peer review.** The USGA Handicap Index travels with the golfer from course to course and from one set of tees to another. A player's Handicap Index determines the number of strokes a player receives depending upon the length and difficulty of the course played.

2. POSTING SCORES:

There are specific requirements for posting scores into the club's USGA GHIN system:

- A. Any 18 hole round played during the active golfing season where the golf course is located.
- B. Any 18 hole round where at least 13 holes are played.
- C. Any round consisting of 9 holes.

Scores will be posted in the following manner:

- A. The gross score shall be posted after Equitable Stroke Control (ESC) is applied. This is your Adjusted Score. ESC is the downward adjustment of individual hole scores for handicap purposes in order to make handicaps more representative of a player's potential ability.

| Course Handicap | Maximum Number on Any Hole |
|-----------------|----------------------------|
| 9 or less | Double Bogey |
| 10 through 19 | 7 |
| 20 through 29 | 8 |
| 30 through 39 | 9 |
| 40 or more | 10 |

On holes where the golfer has "Picked Up" the estimated number of strokes that would have been taken should be used for handicap purposes. The scorecard should be marked for example X-5 for a golfer who picks up but would probably have had a 5 on the hole. After the round, apply the ESC to your gross score and input your Adjusted Score into the computer.

- B. If 13 holes are played the remaining unplayed holes, for handicap purposes, shall be recorded as par plus any handicap strokes that the player is entitled to receive on the unplayed holes.
- C. Any 9 hole round Adjusted Score should be entered as a nine hole round after playing ESC to the gross score.

3. PEER REVIEW:

Each golfer is entitled to review the scoring record of any other golfer belonging to and having a Handicap Index at Wildwood Golf Club. This can be done at the computer with the USGA GHIN software. It is each player's option to review these scoring records. If any golfer believes that another golfer's scores are not being posted within the rules of the USGA it is his/her responsibility to bring the possible discrepancy to the Handicap Committee.

4. HANDICAP COMMITTEE:

The Handicap Committee is responsible for:

- A. Maintaining the USGA GHIN system and make it available for posting scores.
- B. Maintaining player's records.
- C. Providing the members with handicap cards and posting handicap tables.
- D. Examining results of competitions.
- E. Recording of Peer Review data.
- F. The adjustment of Handicap Indexes for documented reasons.

A copy of the USGA HANDICAP SYSTEM handbook is available in the Pro Shop for anyone wishing to review it.
