## JUNE 2016

### **PRESIDENT'S REPORT**

CHARLIE WEIDNER  
CWEIDNER@FUSE.NET

Summertime and the living is easy: Our Memorial weekend was a perfect start to our summer season. It started with the club choosing Walter Siewny as our Memorial honoree. After a ceremony that included his family, the driving range and the road to the range were named for him. Thanks to Ron Williams for making the signs. 104 members participated in our two-day tournament. The winner of the men's side was decided by a playoff. The ladies played competitive golf to the end. Our pool, after a great effort from our members that

worked on cleaning, painting, planting and more, opened with a day of swimming, along with a night of music and good food. I think this will be a summer to remember. Butts: I know the ladies take better care of theirs than the men. You know I'm talking about cigarettes, right? If you use a cart, there are ashtrays at the pro shop. If you walk, make sure they are completely out and toss them into a trash can. It is very simple. This is your golf course. Butts are trashy. We don't want trash on our yard.

I think you know that we have a **liquor license** that states that **all alcohol consumed on the property has to be purchased at the club.** It doesn't seem to be a big deal to sneak a few beers to your cart or at the pool and save a couple of bucks, but it could cost us our license. It doesn't make sense to me to cheat your own club and your friends. Last month, I had some rules for good players whose scores would be better if only they got an even break.: # 3 If a putt passes over the hole without dropping, it is deemed to have dropped. The law of gravity holds that any object attempting to maintain a position in the atmosphere without some-

thing to support it must drop. The law of gravity supersedes the law of golf. Same thing goes for a ball that stops at the brink of the hole and hangs there, defying gravity. You cannot defy the law. In 1984 there was a committee formed to discuss the practice of men removing their shirts after teeing off on 1 and 10. I'm glad they decided to end the practice especially now that I'm past the shirt off age. See you at the club.

\*\*\*\*\*  
The pool season is officially off to a great start! Thank you so much to everyone that volunteered time on our clean-up day. We made so much progress and truly appreciate your commitment and dedication to the pool. The pool looks fantastic! Also, thank you to those of you that came out to support our pool fundraiser concert! The 5th Crow band was great, the BBQ Bus was delicious, and the crowd helped to raise several hundred dollars for pool improvements. We have already purchased more lounge chairs and plan to purchase umbrellas in the near future. We hope your time at the pool has been enjoyable so far this summer. Any questions, please direct to Nick and Jessica Callsen or Kyle and Ali Wolf.

### **G&G REPORT**

J. DAVENPORT  
DUNKIN0707@YAHOO.COM

Well it looks like the cold is finally going to stay away and we have had some beautiful days. Doug and his staff are working hard to keep the course looking good, however as members we are not doing our part to help them out. Again I'm seeing way to many divots not being replaced, way to many ball marks not being fixed, way to many traps not being raked, and way to many cigarette butts on the course. Come on people let's all help out and keep our course looking good. Also there are rules on the course when it comes to the carts; please don't park in the fairways, be sure to cross at a 90 degree angle, and stay outside blue lines. I would like to give a special shout out to all of the volunteers that help out at the club. Special shout out to David Brown, George Fraley,

Ellen Nelson, Tom Sauers, Jim Albrecht, Dave Uhl, and Pat Davenport. If I forgot anyone I apologize, but thank you all for doing such a wonderful job and helping out!

### **UPCOMING EVENTS**
